DISTRIBUTION
SPECIALISTS

Wakeup is the neutral trolley for transporting and serving breakfast with trays or containers.

Fields

Wakeup is intended for collective contexts, in particular in the area of **healthcare, companies** and **prisons**.

hospitals
and nursing
homes

companies

prisons

Category features

- 01. BREAKFAST TRAY**
Trolley fitted with two neutral compartments which can hold up to 40 GN 1/2 trays.
- 02. BEVERAGE DISPENSERS**
Trolley worktop that can be adapted and equipped with beverage dispensers and related drip tray.
- 03. HEAVY-DUTY**
Robust trolley structure, capable of guarantee high impact resistance both when handling the trolley in service and when transporting the trolley by truck (centralised kitchen).

Features

Large work surface

Extendable by using options.

Aesthetics

Available in Yellow or Blue.

Push handle

Impact resistant and ergonomic.

Doors

With lock and 270° opening angle with magnetic stopper.

Tray supports

Made of stainless steel and suitable to hold both trays and Gastronorm containers.

Heavy-duty castors

ø 125 mm, 2 of which are pivoting, for easy handling.

Compact and linear design

For easy handling and cleaning; suitable for washing tunnels.

Panels

In high thickness HPL.

Aluminium chassis

High impact resistance.

Perimetral bumpers

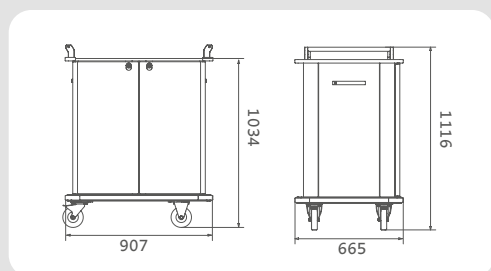

(Both top and bottom) non-marking.

Variations

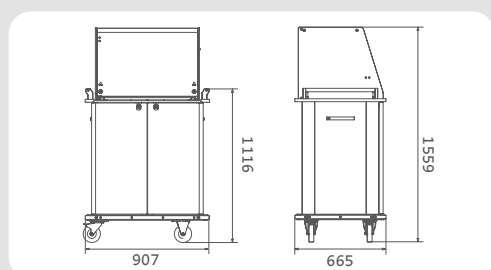

Open

The **Open** base model (**standard**) has a large support surface to complete the preparation of the breakfast trays.

Box (option)

The model with the **box** is used to protect the beverage thermal containers placed on the worktop. It is a hygienic box with an easy lock and opening mechanism thanks to a lifting spring.

Options

Thermal containers and drip tray set-up

Kit consisting of pins for blocking thermal containers during transport and a special stainless steel drip tray to guarantee hygiene and cleanliness.

Castor options

Wakeup has a complete range of castors: galvanized or stainless steel, 125 mm in diameter. The standard provides 4 galvanized steel castors. It is also available the centralised brake.

Tow bar

A stainless-steel pivoting hitch allows the handling of up to 4 trolleys connected to each other, using the appropriate towing devices.

Document holder

A convenient document holder can be fitted inside the trolley door.

Door seals

Loops for attaching sealing bands.

Perimeter protective film

An adhesive strip placed on the corners of the trolley provides additional protection from bumps and scratches.

Accessories

Tray

Ergonomic tray in double laminate.
Washable in the dishwasher.

sizes available

• GN 1/2 265 x 325 mm

colours

● cappuccino

Thermal containers

A wide range of stainless steel thermal containers for the transport of beverages.

Side-mounted support shelves

Highly adaptable aluminium frame for GN 1/1, GN 1/2, GN 1/3 and GN 1/6 containers. Once removed from the trolley can be easily attached to the sides of **Wakeup** to facilitate the preparation of trays.

Bag holder

A steel frame to fasten the bussing bag can be fitted as an alternative to a GN 1/3 container.
